Evening  
Service  
5:00 PM

## Wednesday

Bible Classes  
6:30 PM

## Gadsden Church of Christ - Response to COVID 19 Update: September 10, 2021

Due to recent developments in our congregation as well as within the community, there are a couple of changes that are going to take place beginning this Sunday, September 12, 2021. First of all, the only service that will meet live at our building will be morning worship at 9:30. We will not have any Bible classes or extra-curricular activities until further notice. We are hopeful that this will only be for a short time; but, for now, there will be no Bible classes on Sunday morning, Sunday evening or Wednesday evenings at the building. This will also include the Ladies Bible class that meets on Wednesday mornings.

Secondly, we are going to again ask our members and those attending the services at our building to please wear mask as you enter and exit the building and while you are visiting with others before and/or after services.

We are grateful to you, as a congregation, for your kind consideration of your brothers and sisters throughout the past 18 months. We certainly understand and can appreciate the fact that everyone does not hold the same conviction toward wearing a mask or not wearing a mask and whether there is a need to be vaccinated or not. But, in spite of our differing opinions and convictions; we have all, seemingly, been genuinely interested in one another and trying to do what is best for all of our members.

As your shepherds, we freely admit that we do not have all of the answers. In fact, we may not even understand the questions. But, we are continuing to monitor the current situation and consult those with greater expertise to try and make the best decisions for the health and safety of our members and others who come into our building.

We realize and understand the importance in meeting together and we are committed to providing an "in person" service at the building and we are prayerful that the current situation doesn't worsen to the point that we have to take more drastic measures. If you choose to not assemble at the building then please take advantage of the opportunity to worship and/or study with us via live stream on our Facebook page or our YouTube channel, as well as the website.

We are extremely grateful to you for your patience, understanding and prayers over the past few months and we continue to covet your prayers. We hope that you can understand and appreciate the thought and reasoning that goes into making these decisions. Please let us know if you have any questions or concerns and thank you for your cooperation.

God's people have always gained strength through adversity and our current circumstances give us a beautiful opportunity to glorify God and lift up Christ our Savior.

Your Shepherds,

Jack Horton  
Kevin Smith
